## Sports Premium Investment 2023-24

The government is providing additional funding for 2023/24 to improve provision of physical education (PE) and sport in primary schools. This funding has been provided jointly by the Departments for Education, Health and Culture, Media and Sport. For 2023-24, the school has received £16,725 (estimate), to spend on school P.E. and Sport. Outlined below is how this particular funding has been spent within this year only and the impact we thought it would have.

At Burnhope Primary School we endeavour to see an improvement against the following 5 key indicators:

1. The engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in the equivalent of 60 minutes of physical activity a day over the course of a week, of which 30 minutes should be in school.
2. Raising the profile and benefit of being physically active as a key element in whole school improvement and in enhancing pupil attainment, health and wellbeing
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport and in integrating physical activity into the curriculum
4. Broader experience of a range of sport and activities offered to all pupils leading to increased participation
5. Increased participation in competitive sport

Burnhope Primary has been allocated **£16,725**
